

Ufe Presiding Board visits the Customs Administration in Budapest

From 10 until 12 July 2007, ufe President Dieter Ondracek (DSTG), Vice-President Klaus-Hilger Leprich (BDZ) and General Secretary Rafael Zender (DSTG) have met the Board of the Hungarian Independent Union of Hungarian Customs and Finance Guard in Budapest. The Hungarian trade union mainly represents customs officers. After admission of the Hungarians to ufe in 2006, the Presiding Board of ufe has been invited for a first visit.

The invitation, which has been marked by warm hospitality, with a visit to the General Customs Directorate in Budapest, to the Regional Taxation Centre in Budapest and to the Regional Investigation Office in the historic town of Eger has provided an impressive insight into the organization and tasks of the Hungarian customs administration, especially into the labour conditions and social benefits, too.
